

Panama
PETROCHEM LTD.

41st Annual Report
2022-23

CHAIRMAN'S STATEMENT

“
*Moving towards
a stronger
tomorrow*”

Amirali Rayani
Chairman

It is my privilege to write to you as the Chairman of Panama Petrochem Limited and report to you that your Company has once again delivered consistent operating performance, strong capital structure and liquidity position with healthy debt protection metrics.

I feel honored to share with you all, that the Company during its 41 years of existence has constantly evolved to stay relevant and meet the needs of its customers while simultaneously continued to contribute in building sustainable environment for the society at large and upheld the principles of Panama Petrochem Limited.

Your Company continues to follow highest standards of corporate governance and considers it as more of an ethical requisite than a regulatory necessity. It is a matter of great pride that our success over the years has come without ever compromising on integrity, environmental and social obligations.

I am thus pleased to share with you the 41st Annual Report for the Financial Year 2022-23.

Your Company's total operating income grew by around 5% in F.Y. 2022-2023 majorly due to improved sales realizations. The operating profitability margins have remained stable at 13.74% during the financial year ended March 31, 2023. This was on account of healthy capacity utilization of its manufacturing facilities with favourable changes in the product mix towards a higher share of value-added products and other cost-control measures being implemented over a period of time.

The Company has also witnessed an enhancement in the liquidity profile, backed by improvement in operating cycle, significant cash balance and low utilization of working capital limits.

Although, we continue to derive our strength from the experience of our Directors in the petrochemical industry, with diverse product offerings and long-standing relationship with reputed clientele, however, we have experienced volatile situation throughout the year, being constrained by vulnerability of the fluctuations in forex rates and base oil prices which are crucial being a crude oil derivative, there had been a dramatic increases in the global interest rates, which resulted in high cost of finance of about ₹10 Cr. compared to ₹ 4 Cr. in the last year.

We had a notional exchange loss of around ₹ 12 Cr. The company's operations are also exposed to high competition in the industry from other established players. Despite these conditions, we have maintained EBITDA margins for the whole year of about 14%, repaid all the short-term debt and have become a debt-free Company in true sense. Additionally, the Company has also announced a final dividend of ₹ 5 in addition to the interim dividend of ₹ 3 per share, totalling to ₹ 8 per share equal to 400%, thus adhering to the dividend payout policy of the Company.

In our quest to achieving higher benchmarks, we have been expanding our operational footprint nationwide and globally, setting new standards for operational efficiencies, investing in global resources and redefining paradigms. Our focus on building long lasting and trusted relationships with our customers, partners, employees and other stakeholders, and the legacy of caring for our communities, remains the bedrock of our long-term sustenance.

Today as we reflect on our journey, it gives us immense pride to say that your Company has grown from strength to strength. We have expanded our market presence, strengthened strategic alliances and embraced innovation to remain at the forefront of our industry. Our commitment to excellence and relentless pursuit of customer satisfaction have earned us a stellar reputation and trust of countless individuals and businesses worldwide.

As we strive to lead in the petrochemical industry, we are also committed to safeguarding the environment for future generations and developing our business in a way that adds value to the local communities. We plan to set higher benchmarks in terms of development standards, foster a culture of creativity, collaboration and continuous learning within our organisation, we thrive to implement cutting-edge, eco-friendly technologies and processes of energy management.

I take this opportunity to express my utmost confidence in the capabilities of our entire team, acknowledge and place my sincere appreciation to the contributions of the Board of Directors, team members, employees, and supplier partners for their continuous and dedicated efforts, despite external pressures, I would also like to express my deepest gratitude to all our stakeholders for your continuing interest, commitment and support to the Company.

Together we can achieve greater and newer heights in the years to come.

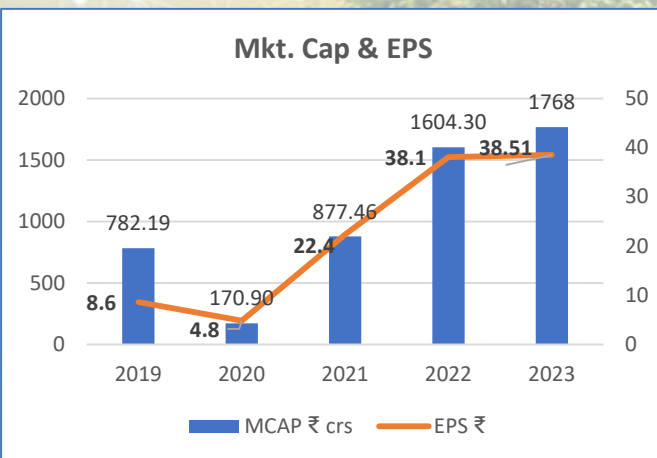

Best Wishes,

**Amirali Rayani
Chairman**

Notes:

1. Pursuant to the General Circular No. 10/2022 dated December 28, 2022, issued by the Ministry of Corporate Affairs (MCA) and Circular SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023 issued by SEBI (hereinafter collectively referred to as "the Circulars"), companies are allowed to hold AGM through VC/OAVM, without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company for F.Y. 2022-2023, is being held through VC/OAVM. The registered office of the Company shall be deemed to be the venue for the AGM.
2. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and cast vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held through VC/OAVM pursuant to the MCA Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice herewith.
3. Institutional / Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC/OAVM on its behalf and to vote through e-voting facility. The said Resolution/Authorization shall be sent to the Company by email through its registered email address to cs@panamapetro.com.
4. A Statement pursuant to Section 102(1) of the Companies Act, 2013, relating to the Special Business to be transacted at the Meeting is annexed hereto. The relevant details, pursuant to 36(3) of the Listing Regulations and Secretarial Standards on General Meetings issued by the Institute of Company Secretaries of India, in respect of a Director seeking appointment/re-appointment at this AGM are also annexed herewith.
5. The Register of Members and Share Transfer Books of the Company will remain closed from Wednesday, August 23, 2023 to Friday, August 25, 2023 (both days inclusive).

Payment of final dividend as recommended by the Board of Directors, if declared at the Annual General Meeting will be payable to those Shareholders holding shares in electronic form as per the beneficiary position downloaded from the Depositories i.e. National Securities Depository Limited (NSDL) and Central Depository Services Limited (CDSL) as at the close of business hours on Tuesday, August 22, 2023 and to those Members holding shares in physical form, after giving effect to valid transmission and transposition in respect of valid requests lodged with the Company as at close of business hours i.e. Tuesday, August 22, 2023. Dividend will be paid within two weeks from the date of declaration of dividend.

6. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc.:
 - a. **For shares held in electronic form:** to their Depository Participants (DPs)
 - b. **For shares held in physical form:** to the Company/Registrar and Transfer Agent pursuant to the relevant SEBI Circulars, in the prescribed ISR Forms. The said forms have been made available on the website of the Company and letters have also been sent to the shareholders for furnishing the required details.
7. In terms of Regulation 40(1) of SEBI Listing Regulations, as amended from time to time, transfer, transmission and transposition of securities shall be effected only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialization, members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or to the Company's Share Registrar and Transfer Agents (M/s Bigshare Services Pvt. Ltd.), for assistance in this regard.
8. Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company at least one week before the meeting through email on cs@panamapetro.com.
9. In line with the MCA and SEBI Circulars, the Notice of the AGM along with the Annual Report for F.Y. 2022-2023 is being sent by electronic mode to those Members whose email addresses are registered with the Company/Depository Participants, unless any member has requested for a physical copy of the same. The Company shall send a physical copy of the Annual Report for F.Y. 2022-2023 to those members who request the same at cs@panamapetro.com. However, such request shall be processed only if received from the registered e-mail id of the shareholder mentioning their Folio No. / DP ID and Client ID. Members may note that the Notice and Annual Report for F.Y. 2022-2023 will also be available on the Company's website: www.panamapetro.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

10. Pursuant to Finance Act 2020, dividend income will be taxable in the hands of shareholders w.e.f. April 01, 2020 and the Company is required to deduct tax at source from dividend paid to shareholders at the prescribed rates. For the prescribed rates for various categories, the shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The shareholders are requested to register their PAN with the RTA (in case of shares held in physical mode) and depositories (in case of shares held in demat mode).

A Resident individual shareholder with PAN and whose income does not exceed maximum amount not chargeable to tax or who is not liable to pay income tax, as the case may be, can submit a yearly declaration in Form No.15G/15H, to avail the benefit of non-deduction of tax at source by e-mail to tds@bigshareonline.com by **August 14, 2023**. Shareholders are requested to note that in case their PAN is not registered or having invalid PAN or Specified Person as defined under Section 206AB of the Income-tax Act, the tax will be deducted at a higher rate prescribed under Section 206AA or 206AB of the Income-tax Act, as applicable.

Non-resident shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits by e-mail to tds@bigshareonline.com. The aforesaid declarations and documents need to be submitted by the shareholders on or before **August 14, 2023**.

11. Members holding shares in electronic form are hereby informed that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or its Registrar cannot act on any request received directly from the Members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant of the Members.
12. As per the provisions of Section 72 of the Act and SEBI Circular, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting **Form No. SH-13**. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in **Form ISR-3 or SH-14** as the case may be. The said forms can be downloaded from the Company's website: www.panamapetro.com. Members are requested to submit the said details to their DP in case the shares are held by them in dematerialized form and to Bigshare Services Pvt. Ltd. in case the shares are held in physical form via e-mail at investor@bigshareonline.com
13. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
14. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, members are requested to claim their dividends from the Company, without any delay. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web **Form No. IEPF-5** available on www.iepf.gov.in.
15. Since the AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.
16. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and in terms of SEBI vide circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 the Company is providing facility of e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

There have not been any instances during the year when recommendations of the Audit Committee were not accepted by the Board. All the recommendations made by the Audit Committee were accepted by the Board.

Details of the composition of the Board, its Committees and the Meetings held and attendance of the Directors at such Meetings, are provided in the Corporate Governance Report. The intervening gap between the Meetings was within the period prescribed under the Act and the Listing Regulations.

PROCEDURE FOR NOMINATION AND APPOINTMENT OF DIRECTOR

The Nomination and Remuneration Committee is responsible for developing competency requirements for the Board based on the industry and strategy of the Company. Board composition analysis reflects in-depth understanding of the Company, including its strategies, environment, operations, financial condition and compliance requirements.

The Nomination and Remuneration Committee conducts a gap analysis to refresh the Board on a periodic basis, including each time a Director's appointment or re-appointment is required. The Committee is also responsible for reviewing and vetting the resume of potential candidates vis-à-vis the required competencies and meeting potential candidates, prior to making recommendations of their nomination to the Board. At the time of appointment, specific requirements for the position, including expert knowledge expected, is communicated to the appointee.

CRITERIA FOR DETERMINING QUALIFICATIONS, POSITIVE ATTRIBUTES AND INDEPENDENCE OF A DIRECTOR

The Nomination and Remuneration Committee has formulated the criteria for determining qualifications, positive attributes and independence of Directors in terms of provisions of Section 178(3) of the Act and Regulation 19 read with Part D of Schedule II of the Listing Regulations.

Independence: In accordance with the above criteria, a Director will be considered as an 'Independent Director' if he/she meets with the criteria for 'Independent Director' as laid down in the Companies Act, 2013 and Regulation 16(1)(b) of the Listing Regulations.

Qualifications: A transparent Board nomination process is in place that encourages diversity of thought, experience, knowledge, perspective, and gender. It is also ensured that the Board has an appropriate blend of functional and industry expertise. While recommending the appointment of a Director, the Nomination and Remuneration Committee considers the manner in which the function and domain expertise of the individual will contribute to the overall skill-domain mix of the Board.

Positive Attributes: In addition to the duties as prescribed under the Companies Act, 2013, the Directors on the Board of the Company are also expected to demonstrate high standards of ethical behavior, strong interpersonal skills and soundness of judgment. Independent Directors are also expected to abide by the 'Code for Independent Directors' as outlined in Schedule IV to the Act.

GOVERNANCE GUIDELINES

The Company has adopted Governance Guidelines on Board Effectiveness. The Governance Guidelines encompasses aspects relating to composition and role of the Board, Chairman and Directors, Board Diversity, Definition of Independence, Term of Directors, and Committees of the Board. It also covers aspects relating to Nomination, Appointment, Induction and Development of Directors, Director's Remuneration, Subsidiary oversight, Code of Conduct, Board Effectiveness Review and Mandates of Board Committees.

ANNUAL EVALUATION OF BOARD PERFORMANCE AND PERFORMANCE OF ITS COMMITTEES AND OF DIRECTORS

Pursuant to the provisions of the Companies Act, 2013 and Listing Regulations, the Board has carried out annual evaluation of its own performance, performance of the Directors as well as the evaluation of the working of its Committees.

The Nomination and Remuneration Committee has defined the evaluation criteria, procedure and time schedule for the Performance Evaluation process for the Board, its Committees and Directors.

The Board's functioning was evaluated on various aspects, including inter alia structure of the Board, qualifications, experience and competency of Directors, diversity in Board and process of appointment; Meetings of the Board, including regularity and frequency, agenda, discussion and dissemination of information; functions of the Board, including strategy and performance evaluation, corporate culture and values, governance and compliance, evaluation of risks, grievance redressal for investors, stakeholder value and responsibility, conflict of interest, review of Board evaluation and facilitating Independent Directors to perform their role effectively; evaluation of management's performance and feedback, independence of management from the

Board, access of Board and management to each other, succession plan and professional development; degree of fulfillment of key responsibilities, establishment and delineation of responsibilities to Committees, effectiveness of Board processes, information and functioning and quality of relationship between the Board and management.

Directors were evaluated on aspects such as attendance and contribution at Board/Committee Meetings and guidance/support to the management outside Board/Committee Meetings. In addition, the Chairman was also evaluated on key aspects of his role, including setting of the strategic agenda of the Board, encouraging active engagement by all Board members, motivating and providing guidance to the Managing Director & CEO.

Areas on which the Committees of the Board were assessed included degree of fulfillment of key responsibilities, adequacy of Committee composition and effectiveness of meetings. The performance evaluation of the Independent Directors was carried out by the entire Board, excluding the Director being evaluated. The performance evaluation of the Chairman and the Non-Independent Directors was carried out by the Independent Directors who also reviewed the performance of the Board as a whole. The Nomination and Remuneration Committee also reviewed the performance of the Board, its Committees and of the Directors. The Chairman of the Board provided feedback to the Directors on an individual basis, as appropriate. Significant highlights, learning and action points with respect to the evaluation were presented to the Board on regular intervals.

The above criteria are broadly based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India on January 5, 2017.

REMUNERATION POLICY

Your Company has adopted a Remuneration Policy for the Directors, Key Managerial Personnel and Senior Management, pursuant to the provisions of the Act and Listing Regulations.

The philosophy for remuneration of Directors, Key Managerial Personnel of the Company is based on the commitment of fostering a culture of leadership with trust. The Remuneration Policy of the Company is aligned to this philosophy.

The remuneration policy can be accessed at:

<http://panamapetro.com/wp-content/uploads/2015/12/Nomination-and-Remuneration-policy.pdf>

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The management of Panama Petrochem Ltd. presents the analysis of the Company for the year ended March 31, 2023 and its outlook for the future. This outlook is based on assessment of the current business environment. It may vary due to future economic and other developments both in India and abroad.

This Management Discussion and Analysis ("MD&A") Report of Panama Petrochem Ltd. for the year ended March 31, 2023 contains financial highlights but does not contain the complete financial statements of the Company. It should be read in conjunction with the Company's audited financial statements for the year ended March 31, 2023.

GLOBAL ECONOMY

International Monetary Fund (IMF), in its January 2023 report, forecasted that against an estimated global growth of 3.4% for 2022, growth will fall to 2.9% in 2023 followed by 3.1% in 2024—three consecutive years of growth lower than the historical average of 3.8%.

Signs are apparent that monetary policy tightening is starting to cool demand and inflation, but the full impact is unlikely to be realised before 2024. Global headline inflation appears to have peaked in the third quarter of 2022. Prices of fuel and non-fuel commodities have declined, lowering headline inflation. As the central banks are hinting at future rate hikes to further stabilise inflation, the downside risks to the global economic outlook appear elevated.

INDIAN ECONOMY

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging recovery in F.Y. 2022-23 ahead of many nations. RBI in its Monetary Policy announcement during February 2023 projected 7% GDP growth for F.Y. 2022-23. These optimistic growth forecasts stem in part from the resilience of the Indian economy seen in the rebound of private consumption seamlessly replacing the export stimuli as the leading driver of growth. The uptick in private consumption has also given a boost to production activity resulting in an increase in capacity utilisation across sectors. The rebound in consumption was facilitated by the near-universal vaccination coverage overseen by the government that brought people back to the streets.

The growth rate reflects the strong fundamentals of our economy as it has emerged as the fastest-growing major economy in spite of the fact that India has also faced the challenge of reining in inflation as the Central Bank has taken measures on the policy fronts to manage the inflationary pressure. The RBI also projected the economic growth to slow down to 6.4% in F.Y. 2023-24, citing risks from geo-political tension and tightening global financial conditions.

INDUSTRY OVERVIEW

During the fiscal year 2022-2023, the petrochemical industry faced a mix of opportunities and challenges. The industry experienced significant growth driven by increased demand of products across various sectors. This demand was fueled by global economic recovery and the resumption of industrial activities post the COVID-19 pandemic.

One of the key drivers of growth in the petrochemical industry was the increasing demand for high-quality lubricants. These lubricants find applications in automotive, industrial, and aviation sectors, where the need for enhanced performance, fuel efficiency, and reduced emissions drove the demand. As the global economy recovered from the impact of the COVID-19 pandemic, industrial activities resumed, resulting in heightened lubricant consumption.

The industry also encountered challenges during this period. Fluctuating oil prices influenced the cost of raw materials, thereby affecting the profitability of companies in the industry. Additionally, the increasing emphasis on sustainability and environmental regulations necessitated the development of eco-friendly products and processes.

The automotive production sector in India has experienced a steady rise, driven by a growing working population and increasing middle-class incomes. With an annual growth rate surpassing 6%, this sector has fueled a higher demand for engine oils and other lubricants within the industry. Furthermore, the power generation and shipping sectors have also played a significant role in driving the increased demand for specialty lubricants.

BUSINESS OVERVIEW

Established in 1982, Panama Petrochem Ltd. is one of the leading manufacturers & exporters of nearly 80 variants of petroleum specialty products.

The products are vital for various industries like inks and resins, textiles, rubber, pharmaceuticals, cosmetics, power, cables and

other industrial purposes. With an object to continue its expansion, the Company has established a subsidiary in UAE i.e. Panol Industries, in order to cater the markets of middle east and African Continent. Your Company exports to more than 75 countries with overseas revenue contribution of around 35.61% in F.Y. 2022-23.

MANUFACTURING FACILITIES

The Company has adequate manufacturing capacity to cater the domestic as well as International requirements. It has four manufacturing units, all located in western India, namely in Ankleshwar (Gujarat), Daman (Union Territory), Taloja (Raigadh, Maharashtra) and Dahej (Bharuch, Gujarat). The Company’s products are exported to more than 75 countries globally. The Company has the certification of being a Star Export House. The Company has a fully equipped state-of-the-art Research and Development Centre at its Ankleshwar unit where it formulates new and value-added products. The Company manufactures nearly 80 product variants used across 6-7 broad industry segments. The Company is accredited as ISO 9001:2015; ISO 14001:2015; ISO 45001:2018 certification by Benchmark.

The Company develops customized products as per client specifications in the field of petroleum and feeds to various industries like Printing Ink, Resin, Cosmetics, Rubber products, Pharmaceuticals, Engineering, and Chemicals including Petro Chemicals.

Over the years, the Company has formed strong relations with its clientele, comprising of leading names across sectors. Its ability to offer customized products complying with global quality standards has enabled to generate business not only from existing clients, but has also added new clients through business referral.

PRODUCT WISE SALES BREAK UP FOR THE FINANCIAL YEAR 2022-23

Panoil is the key product of the Company, it has various variants depending upon its end use application.

FUTURE OUTLOOK

The aggregate demand of all the key segments in the petrochemical industry is likely to regain a sharp positive trajectory, with key players aiming to ramp up scale.

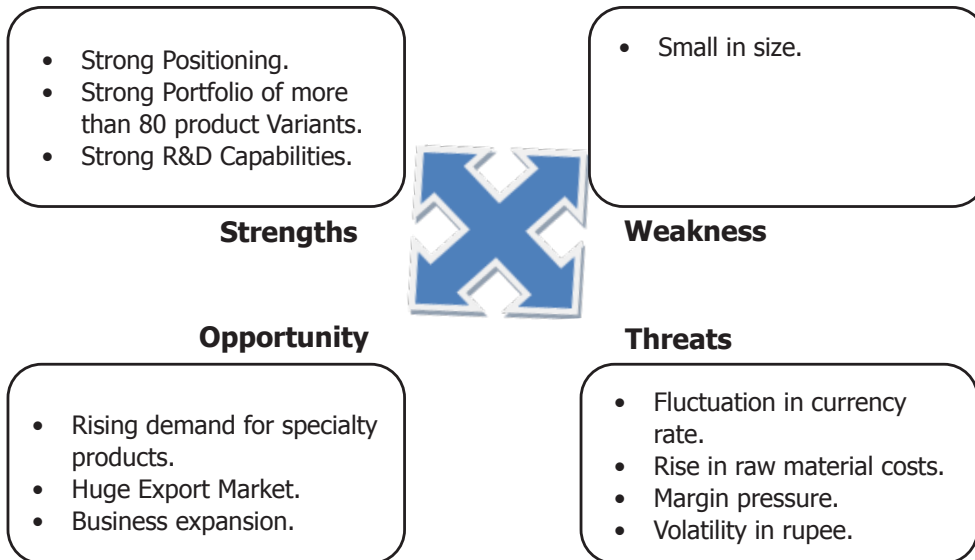

The Indian industrial lubricants market is expected to register a CAGR of more than 4%. Increased automobile production, Investments in distribution and branding, demand for advanced lubricants, government initiatives towards infrastructure development, and manufacturers’ focus on expanding production capacities are expected to drive the growth of India’s industrial lubricant market.

The Company is planning to expand its operations to withstand against the negative market forces. The Company is hopeful to override the adverse effects of the price fluctuations in the petroleum industry by resorting to bulk purchases and cost control measures.

It is management’s view that the Company will continue to strengthen its financial position with stable production volumes and positive improvements in Commodity prices.

SWOT PROFILE

OPPORTUNITIES

The recent positive signs emerging from the western world, augur well for our international business particularly for some of the specialized products strategically earmarked for export markets.

With increasing industrialization, focus on infrastructural development and outsourcing boom, the demand for the petroleum products manufactured by the Company is likely to further improve in the coming years. Demand for intermediates, specialty chemicals etc. will increase the demand for petroleum specialty products. This will result in a significant growth in this industry. Growing demand from the rubber industry, personal care industry, and power sector will lead to a strong demand in petroleum products. The relationship established by the Company with the clientele would help in further growth in its business. Moreover, the Company has been increasing its presence in the export markets like USA, Africa, Europe and Asia.

THREATS

Changes in Government policies, especially regarding import of Base Oil will have an adverse impact on the performance of the Company. However, considering the multifarious purposes for which it is used, the domestic supplies are not adequate to meet such domestic demands, hence, the possibilities for any extreme changes in Government policies appear to be remote.

RISKS AND CONCERNS

• **Strategic and Commercial Risks**

Company’s financial performance is subject to the fluctuating prices of crude oil and downstream petroleum products. Prices of products are affected by supply and demand, both globally and regionally. Factors that influence fluctuations in crude prices and crude availability include operational issues, natural disasters, political instability, economic conditions and Government pricing policy of petroleum products among others.

• **Environmental Risks**

All phases of the oil business present environmental risks and hazards. As a result, they are subject to environmental regulation pursuant to a complex blend of federal, provincial, and municipal laws and regulations. The Company is in compliance with current applicable environmental rules and regulations.

• **Financial Risks**

Financial risks associated with the petroleum industry include fluctuation in commodity prices, interest rates, and currency exchange rates and profitability of the Company depends on the prices and availability of the base oils. Foreign exchange risk is tracked and managed within the risk management framework. The interest rate risk is managed by the Company through various financial instruments available to convert floating rate liabilities into fixed rate liabilities or vice-versa.

Operational Risks

Operational risks include competitive environmental factors, reservoir performance uncertainties and dependence upon third parties for commodity transportation & processing and a complex regulatory environment. The Company closely follows the applicable Government regulations. The Company carries insurance coverage to protect itself against those potential losses that could be economically insured.

Cyber Security Risks

The use of information and telecommunication technologies is increasing, resulting in greater security threats to its digital infrastructure. A breach of the digital security or disruptions to the digital infrastructure of the Company, due to intentional actions, such as cyber-attacks or human error could lead to serious impacts to its businesses. These impacts may include injury to staff, loss of control, impact on continuity or damage to assets and services, harm to the environment, the loss of sensitive data or information, legal and regulatory breaches and reputational damage. But the Company continues to strengthen its responses to cyber security threats through proactive and reactive risk mitigations.

Safety Risks

Safety is an ever-evolving journey. The Company’s manufacturing facilities have adopted Safety Management System. Regular audits are conducted to assess the on-ground implementation of various processes prescribed by Safety Management System. Critical safety incidents are studied by the senior leadership.

Independent Auditor's Report

To the Members of Panama Petrochem Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Panama Petrochem Limited ("the Company")**, which comprises of the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements gives a true and fair view in conformity, with the aforesaid Ind AS and other accounting principles generally accepted in India prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA's) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Inventory Existence:</p> <p>The Company recognized inventory of ₹ 276.79 crores as at 31 March 2023. Inventory is held at various locations across India.</p> <p>Within each Location, inventory is stored in warehouses, tanks, containers and tanks attached to the Bonded Custom Warehouse.</p>	<p>We attended inventory counts at locations, which we selected based on financial significance and risk.</p> <p>For locations attended, we performed the following procedures at each site:</p> <ul style="list-style-type: none"> • Selected a sample of inventory items and compared the quantities we counted with the book balance. • Observed a sample of managements inventory count procedures to assess compliance with Company Policy and • Made enquiries regarding obsolete inventory items and inspected the condition of items counted.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>This is a key audit matter because of the</p> <ul style="list-style-type: none"> • Significance of the inventory balance to the statement of financial position and • Complexity involved in determining inventory quantities on hand due to the number, conversion from Ltr. to Kgs., location and diversity of inventory storage locations, inventories lying with third parties etc. 	<ul style="list-style-type: none"> • Tested whether necessary adjustments are recorded in the financial statements for all material differences arising from physical stock counts. • evaluated the design and implementation of the controls over physical verification of inventories and tested the operating effectiveness of the controls during the year. • for stocks at third party warehouses, obtained confirmations, and as appropriate performed roll-back procedures to tally with stock quantities at the year end, on a sample basis. • verified the analytical reviews performed by the management such as consumption analysis and stock movement analysis for the year for raw material and finished goods at factories, on a sample basis.
2	<p>Trade Receivables:</p> <p>Trade receivables comprise a significant portion of the current assets of the Company and serve as security for a majority of the Company short-term debt. As indicated in Note 6.2 to the Standalone financial statements. The receivables provision has made based on Expected Credit Loss method. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future. Accordingly, the estimation of the allowance for trade receivables is a significant judgments area and is therefore considered a key audit matter.</p>	<p>We have considered payments received subsequent to year-end, insurance held for overseas trade receivables, past payment history and unusual patterns to identify potentially impaired balances. The assessment of the appropriateness of the allowance for trade receivables comprised a variety of audit procedures across the Company including:</p> <ul style="list-style-type: none"> • Assessing the appropriateness and reasonableness of the assumptions applied in the managements' assessment of the receivables allowance; • Consideration of the credit worthiness of significant trade receivables over 90 days; • Consideration and concurrence of the agreed payment terms; • Verification of receipts from trade receivables subsequent to year-end; • Inspection of credit insurance policies; and • Considered the completeness and accuracy of the disclosures. To address the risk of management bias, we evaluated the results of audit procedures on other key balances to assess whether or not there was an indication of bias. We were satisfied that the Company's trade receivables are fairly valued and adequately provided. We further considered whether the provisions were misstated and concluded that they were appropriate in all material respects, and disclosures related to trade receivable in the standalone financial statements are appropriate.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process of the Company.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion

on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Panama Petrochem Limited of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Panama Petrochem Limited ("the Company")** as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,2023 based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Income Tax Act, 1961	Income Tax	13.33	FY 2017-18	Commissioner of Income Tax (Appeals)

- viii. In our opinion, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks. The Company do not have any borrowings from financial institutions, government or dues to debenture holders.
- Based on our audit procedures and on the basis of information and explanations given to us, the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - Based on our audit procedures and on the basis of information and explanations given to us, the Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
 - on an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries

- f) based on our audit procedures and on the basis of information and explanations given to us, the company has not raised loans during the year on the pledge of securities held in its subsidiary.
- x. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- xi. (a) Based upon the audit procedures performed and the information and explanations given by the management, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) According to the information and explanations given to us, the Company not received any whistle blower complaints during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, the provisions of Clause (xii) of Para 3 of the Order are not applicable to the Company.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with the directors, requiring compliance with Section 192 of the Companies Act.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) There are no unspent amounts towards Corporate Social Responsibility (CSR) on ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in the report.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Notes to financial statements for the year ended 31 March 2023

1. Company Information

Panama Petrochem Limited ("the Company") is a public limited Company domiciled in India. The registered office of the Company is at Plot No. 3303, GIDC Estate, Ankleshwar 393002, Gujarat, India and corporate office at 401, Aza House, Turner Road, Bandra West, Mumbai 400050. The Company was incorporated on 9 March 1982.

The Company is engaged in the manufacture of specialty petroleum products for diverse user industries like printing, textiles, rubber, pharmaceuticals, cosmetics, power and other industrial oil.

The equity shares of the Company are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India. The Global Depository Receipts (GDRs) of the Company are listed on the Luxembourg stock exchange.

Authorization of financial statements

The standalone financial statements were authorized for issue in accordance with a resolution of the Board of Directors passed on 30th May 2023.

2. Significant Accounting Policies:

(A) Basis of Preparation of Financial Statements

- (i) Compliance with Ind AS: The standalone financial statements have been prepared to comply, in all material aspects, with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read with Companies (Indian Accounting Standards) Rules, 2015 and the relevant provisions of the Companies Act, 2013.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

- (ii) Classification of assets and liabilities : All assets and liabilities have been classified as current or non-current based on the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Deferred tax assets and liabilities are classified as non-current on net basis.

- (iii) Historical cost convention : The financial statements have been prepared on going concern basis under the historical cost convention except:

- (a) certain financial instruments (including derivative instruments) and
- (b) defined benefit plans

Which are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

- (iv) Functional and presentation currency : The Company's functional and presentation currency is Indian Rupee (₹). All amounts disclosed in the financial statements and notes have been rounded off to the nearest Crore (₹ Crore), except otherwise indicated.

- (v) Fair value measurement : The Company measures certain financial assets and financial liabilities including derivatives and defined benefit plans at fair value.

**STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability take place either

- (a) in the principal market for the asset or liability or
- (b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(B) Property, Plant and Equipment

- (i) Freehold land is carried at historical cost and all other property, plant and equipment are shown at cost (net of adjustable taxes) less accumulated depreciation and accumulated impairment losses. The cost of an asset comprises of its purchase price, non refundable / adjustable purchase taxes and any cost directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management, the initial estimate of any decommissioning obligation, if any and for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset. The cost also includes trial run cost and other operating expenses such as freight, installation charges etc. The projects under construction are carried at costs comprising of costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and attributable borrowing costs.
- (ii) Stores and spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment.
- (iii) When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.
- (iv) An Item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset or significant part) is included in the Statement of Profit and Loss when the asset is derecognized.
- (v) In line with the provisions of Schedule II to the Companies Act, 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components of property, plant and equipment has been assessed based on the historical experience and internal technical inputs.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

- (vi) Depreciation on property, plant and equipment is provided as per straight line method based on useful life prescribed under Schedule II to the Companies Act, 2013. The Company has assessed the estimated useful lives of its property, plant and equipment and has adopted the useful lives and residual value as prescribed in Schedule II.

The property, plant and equipment acquired under finance lease are depreciated over the period of lease. Depreciation on stores and spares specific to an item or property, plant and equipment is based on life of the related property, plant and equipment. In other cases, the stores and spares are depreciated over their estimated useful life based on the technical assessment.

- (vii) The residual values and useful lives of property, plant and equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- (viii) Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. These are stated at cost to date relating to items or project in progress, incurred during construction / preoperative period. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

(C) Investment Property

Investment properties are properties held to earn rentals and / or for capital appreciation (including property under construction for such purpose). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of Ind AS 16 for cost model.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property is included in the Statement of Profit and Loss in the period in which the property is derecognized.

Depreciation on investment property is provided as per straight line method based on estimated useful life which is considered at 60 years based on internal assessment.

(D) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets namely computer software is amortized at the rate of 33.33 % on a straight line basis over the estimated useful economic life.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Profit and Loss Statement when the asset is derecognized.

(E) Borrowing Costs

Borrowing costs are charged to Statement of Profit and Loss except to the extent attributable to acquisition / construction of and asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(F) Impairment of Non-financial Assets

At each balance sheet date, an assessment is made of whether there is any indication of impairment.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

(G) Non-current Assets held for sale

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the assets is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

(H) Inventories

Inventories are valued as follows:

Raw materials, Packing Materials and Traded Goods	Lower of cost or net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a First In First Out (FIFO) basis. Cost of raw materials comprises of cost of purchase (net of discount) and other cost in bringing the inventory to their present location and condition excluding Input GST credit . Customs duty on stock lying in bonded warehouse is included in cost.
Work-in-progress and Finished goods	Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a First In First Out (FIFO) basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(I) Revenue from contracts with customer:

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of discounts offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

(i) Sale of Goods:

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

(ii) Interest income:

Under Ind AS 109, Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets.

(iii) Net Gain on fair value changes :

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Company on the balance sheet date is recognized as an unrealized gain / loss. In cases there is a net gain in the aggregate, the same is recognized in Net gains on fair value changes" under Other Income" and if there is a net loss the same is disclosed under Expenses" in the statement of Profit and Loss.

Similarly, any realized gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income (FVTOCI") is recognized in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortized is presented separately under the respective head in the Statement of Profit and Loss.

(iv) Dividend income:

Dividend income is recognized :

- a. When the right to receive the payment is established.
- b. It is probable that the economic benefits associated with the dividend will flow to the entity and
- c. The amount of the dividend can be measured reliably.

(v) Rental Income:

Revenue is recognized on the basis of income arising from operating lease of investment properties is accounted for on a straight-line basis over the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases and is included in the head other income" in the Statement of Profit and Loss.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**(vi) Others:**

Revenue is recognized in respect of export incentives, insurance / other claims etc., when it is reasonably certain that the ultimate collection will be made.

(J) Expenditure on Research and Development

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss under the appropriate heads of expenses. Expenditure relating to property, plant and equipment are capitalized under respective heads.

(K) Foreign Currency Transactions**(i) Initial Recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in financial statements, are recognized as income or as expenses in the year in which they arise.

(iv) Forward Contracts

The premium or discount arising at the inception of forward exchange contracts is booked as expense or income immediately. Exchange differences on such contracts are recognized in the Statement of Profit and Loss in the year in which the exchange rates changes. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(L) Employee Benefits

All employee benefits payable wholly within 12 months of rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

Post Retirement Benefits

The Company operates the following post-employment schemes:

- (a) defined benefit plan - gratuity
- (b) defined contribution plan - provident fund

Defined benefit plan - Gratuity obligation

Post-employment benefits (benefits which are payable on completion of employment) are measured on a discounted basis by the Projected Unit Credit Method on the basis of actuarial valuation annually.

**STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

The liability or asset recognized in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less fair value of plan assets.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in Other Comprehensive Income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Defined contribution plan

Retirement benefits in the form of Provident Fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective fund are due. There are no other obligations other than the contribution payable to the respective fund.

(M) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the company has concluded that no changes are required to lease period relating to the existing lease contracts. Refer note no 11.1

(a) As Company is the lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use asset (ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

**STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(b) Company is the lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

(N) Taxation

Income tax expense comprises of current tax expense and the net change in the deferred tax asset or liability during the year.

- (a) Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India.
- (b) Deferred Tax: Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are off set if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(O) Segment Reporting

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

The Chief Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The operating segments have been identified on the basis of nature of product/services.

The board of directors of the Company has appointed the Managing Director as the chief operating decision maker (CODM) who is assessing the financial performance and position of the Company, and makes strategic decisions.

(P) Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, if any, such as bonus issue, bonus elements in a rights issue to existing shareholders, shares split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(Q) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past events, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates

Financial Guarantee Contracts

The Company on a case to case basis elects to account for financial guarantee contracts as a financial instrument or as an insurance contract, as specified in Ind AS 109 on Financial Instruments and Ind AS 104 on Insurance Contracts. The Company has regarded all its financial guarantee contracts as insurance contracts. At the end of each reporting period the Company performs a liability adequacy test, (i.e. it assesses the likelihood of a pay-out based on current undiscounted estimates of future cash flows), and any deficiency is recognized in profit or loss.

Contingent liabilities are disclosed in the case of:

- a) a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- b) a present obligation arising from the past events, when no reliable estimate is possible;
- c) a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized.

**STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023****(R) Financial Instruments**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

I. Financial Assets**A. Initial recognition and measurement :**

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of the financial asset [other than financial assets at fair value through profit or loss (FVTPL)] are added to the fair value of the financial assets. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset. Transaction costs of financial assets carried at FVTPL are expensed in the Statement of Profit and Loss.

B. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in the following categories:

(i) Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

- (ii) Debt instruments included within the Fair Value Through Profit or Loss (FVTPL) category are measured at fair value with all changes recognized in the Statement of Profit and Loss.
- (iii) Equity instruments: All equity instruments within the scope of Ind-AS 109 are measured at fair value. Equity instruments which are classified as held for trading are measured at FVTPL. For all other equity instruments, the Company decides to measure the same either at Fair Value Through Other Comprehensive Income (FVTOCI) or FVTPL. The Company makes such selection on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments measured at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such instruments.

- iv) Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

**STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023****C. De-recognition:**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognized (i.e. removed from the Company's balance sheet) when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either:
 - (i) the Company has transferred substantially all the risks and rewards of the asset, or
 - (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

D. Impairment of financial assets:

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on trade receivables and other advances. The Company follows 'simplified approach' for recognition of impairment loss on these financial assets. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.
Allowance for credit losses on receivables and unbilled revenue

The company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The company considered current and anticipated future economic conditions relating to industries the company deals with and the countries where it operates. In calculating expected credit loss, the company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.

II. Financial Liabilities**A. Initial recognition and measurement:**

Financial liabilities are classified at initial recognition as :

- (i) financial liabilities at fair value through profit or loss,
- (ii) loans and borrowings, payables, net of directly attributable transaction costs or
- (iii) derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

B. Subsequent measurement :

The measurement of financial liabilities depends on their classification, as described below:

- (i) **Borrowings:** Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished and the consideration paid is recognized in the Statement of Profit and Loss as other gains / (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender has agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(ii) Trade and other payables: These amounts represent liabilities for goods and services provided to the Company prior to the end of financial period which are unpaid. The amounts are unsecured and are usually paid within twelve months of recognition. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

(iii) Derivative financial instruments: The Company uses derivative financial instruments, such as foreign exchange forward contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Hedge accounting :

The Company designates certain hedging instruments which include derivatives, embedded derivatives and non derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges or hedges of net investments in foreign operations. At the inception of the hedge relationship, the Company documents the relationship between the hedging instruments and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

C. De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another, from the same lender, on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

D. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(S) Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

- (a) Operating lease commitments – Company as lessor;
- (b) Assessment of functional currency;
- (c) Evaluation of recoverability of deferred tax assets

Estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year :

- a) Useful lives of property, plant and equipment, investment property and intangible assets;
- b) Fair value measurements of financial instruments ;
- c) Impairment of non-financial assets;
- d) Taxes;
- e) Defined benefit plans (gratuity benefits);
- f) Provisions;
- g) Valuation of inventories;
- h) Contingencies

(T) Recent accounting pronouncements

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

c) Description of valuation techniques used and key inputs to valuation on investment properties

The investment properties have been valued at Fair Market Value. It is the value of the property at which it can be sold in open market at a particular time free from forced value or sentimental value. Prevailing market value is a result of demand/ supply /merits /demerits of properties and various locational, social, economical, political factors and circumstances. Prevailing market value can be estimated through market survey, through dependable data/ sale instances, local estate developers/ brokers, real estate portal enquiries and verbal enquiries in neighborhood area.

5.1 Leases

The Company has entered into agreements for taking lease certain offices and warehouses on lease and license basis. The lease term is a period ranging from 12 to 45 months. The Company has contracts which have fixed rentals. The Company has also taken leasehold factory lands on one time payment basis. The lease term is a period ranging from 30 years to 99 years.

The following is the summary of practical expedients elected on initial application:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17

The entity has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follow. The management provided specific provisions for credit impaired parties.

32. Segment Information
A. Factors used to identify the entity's reportable segments, including the basis of organization

For management purposes, as the Company is in the business of manufacturing and trading of specialty petroleum products, the Company has considered petroleum products as the only business segment for disclosure in this context of Indian Accounting Standard 108.

The Managing Director (MD) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segment. The MD reviews revenue and gross profit as the performance indicator for the operating segment. However, the Company's finance (including finance cost and finance income) and income taxes are managed on a company as a whole basis and are not allocated to any segment.

Geographical segment of the organization

For the purpose of geographical segment the sales are divided into two segments - Domestic and Overseas. The accounting policies of the segments are the same as those described in Note 2 (O)

B. Information about reportable segment

The following table shows the distribution of the Company's reportable segment by geographical market, regardless of where the goods were produced:

36. Financial Instruments : Accounting classifications and fair value measurements
(i) Accounting classifications

The fair values of the financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, short term deposits, trade payables, payables for acquisition of property, plant and equipment, short term loans from banks, financial institutions and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023
(ii) Fair value measurements

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(iii) Description of significant observable inputs to valuation:

The following table shows the valuation techniques used to determine fair value :

Type	Valuation technique
Investments in equity shares (unquoted)	Book value *
Investments in equity shares (quoted)	Fair Value
Loan to employees	Based on prevailing market interest rate
Derivative instruments	Fair valued based on prevailing market rate at each closing date
Short term loans from banks	Based on quotes from banks and financial institutions

* Based on unobservable inputs which generally approximates to the carrying value of the investments unless significantly impaired. Fair value has been considered Nil for significantly impaired investments. Sensitivity change in the unobservable input does not have a significant impact in its value and accordingly, sensitivity disclosure is not given.

37. Financial risk management
Risk management framework

The Company has identified financial risks and categorized them in three parts viz. (i) Credit Risk, (ii) Liquidity Risk and (iii) Market Risk. Details regarding sources of risk in each such category and how Company manages the risk is explained in following notes:

(i) Credit risk

Credit risk refers to the possibility of a customer and other counterparties not meeting their obligations and terms and conditions which would result into financial losses. Such risk arises mainly from trade receivables and investments. Credit risk is managed through internal credit control mechanism such as credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

Trade receivables

As per the credit policy of the Company, generally no credit are given exceeding the accepted credit norms. The Company deals with large corporate houses and State Electricity Boards after considering their credit standing. The credit policy with respect to other customers is strictly monitored by the Company at periodic intervals. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers. In addition, for amounts recoverable on exports, the Company has adequate insurance to mitigate overseas customer and country risk.

The Company uses an allowance matrix to measure the expected credit losses of trade receivables (which are considered good). The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

Ageing	As at 31st March, 2023			₹ in Crore

Cash and cash equivalents

The Company held cash and cash equivalents of ₹ 48.19 Crore at 31.3.2023 (31.3.2022: ₹ 45.96 Crore). The cash and cash equivalents are held with banks with good credit ratings. Also, the Company invests its surplus funds in bank fixed deposits, which carry no / low mark to market risks for short duration and therefore, does not expose the Company to credit risk.

Investments

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

Derivatives

The forward contracts were entered into with banks having an investment grade rating and exposure to counterparties is closely monitored and kept within the approved limits.

(ii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations on due date. The Company has a strong focus on effective management of its liquidity to ensure that all business and financial commitments are met on time. This is ensured through proper financial planning with detailed annual business plans, discussed at appropriate levels within the organization. Annual business plans are divided into quarterly plans and put up to management for detailed discussion and an analysis of the nature and quality of the assumptions, parameters etc. Daily and monthly cash flows are prepared, followed and monitored at senior levels to prevent undue loss of interest and utilize cash in an effective manner. Cash management services are availed to avoid any loss of interest on collections. In addition, the Company has adequate borrowing limits with reputed banks in place duly approved.

a) Financing arrangements

The Company has an adequate fund and non-fund based limits lines with various banks. The Company's diversified source of funds and strong operating cash flow enables it to maintain requisite capital structure discipline. The financing products include working capital loans, buyer's credit loan, supplier's credit loan etc.

b) Maturities of financial liabilities

(iii) Market Risk

The risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market price. Market risk further comprises of (a) Currency risk, (b) Interest rate risk and (c) Commodity risk.

a) Currency Risk

The Company is exposed to currency risk mainly on account of its import payables and export receivables in foreign currency. The major exposures of the Company are in U.S. dollars. The Company hedges its import foreign exchange exposure partly through exports and depending upon the market situations partly through forward foreign currency covers. The Company has a policy in place for hedging its foreign currency exposure. The Company does not use derivative financial instruments for trading or speculative purposes.

Independent Auditor's Report

To the Members of Panama Petrochem Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Panama Petrochem Limited** ("the Company") and its subsidiary company i.e. **Panol Industries RMC FZE** (the Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity, with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, the consolidated profit, consolidated other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Inventory Existence:</p> <p>The Group recognized inventory of ₹ 324.05 crores as at 31 March 2023. Inventory held at various locations across India, outside India.</p> <p>Within Each Location, inventory is stored in warehouses, tanks, containers and tanks attached to the Bonded Custom Warehouse.</p>	<p>We attended inventory counts at locations, which we selected based on financial significance and risk.</p> <p>For locations attended, we performed the following procedures at each site:</p> <ul style="list-style-type: none"> • Selected a sample of inventory items and compared the quantities we counted with the book balance. • Observed a sample of managements inventory count procedures to assess compliance with Groups Policy and • Made enquiries regarding obsolete inventory items and inspected the condition of items counted.

	<p>This is a key audit matter because of the</p> <ul style="list-style-type: none"> • Significance of the inventory balance to the statement of financial position and • Complexity involved in determining inventory quantities on hand due to the number, conversion from Ltr. to Kgs., location, diversity of inventory storage locations, inventory lying with third parties Etc. 	<ul style="list-style-type: none"> • Tested whether necessary adjustments are recorded in the financial statements for all material differences arising from physical stock counts. • evaluated the design and implementation of the controls over physical verification of inventories and tested the operating effectiveness of the controls during the year. • for stocks at third party warehouses, obtained confirmations, and as appropriate performed roll-back procedures to tally with stock quantities at the year end, on a sample basis. • verified the analytical reviews performed by the management such as consumption analysis and stock movement analysis for the year for raw material and finished goods at factories, on a sample basis.
2	<p>Trade Receivables:</p> <p>Trade receivables comprise a significant portion of the Current assets of the Group and serve as security for a majority of the Group short-term debt. As indicated in Note 6.2 to the Consolidated financial statements .The receivables provision has been made based on Expected Credit Loss method. The Group considered current and anticipated future economic conditions relating to industries the Group deals with and the countries where it operates. In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its customers to estimate the probability of default in future. Accordingly, the estimation of the allowance for trade receivables is a significant judgment area and is therefore considered a key audit matter.</p>	<p>We considered payments received subsequent to year-end, insurance held for Overseas trade receivables, past payment history and unusual patterns to identify potentially impaired balances. The assessment of the appropriateness of the allowance for trade receivables comprised a variety of audit procedures across the Group including:</p> <ul style="list-style-type: none"> • Assessing the appropriateness and reasonableness of the assumptions applied in the managements’ assessment of the receivables allowance; • Consideration of the creditworthiness of significant trade receivables over 90 days; • Consideration and concurrence of the agreed payment terms; • Verification of receipts from trade receivables subsequent to year-end; • Inspection of credit insurance policies; and • Considered the completeness and accuracy of the disclosures. To address the risk of management bias, we evaluated the results of our procedures against audit procedures on other key balances to assess whether or not there was an indication of bias. We were satisfied that the Group’s trade receivables are fairly valued and adequately provided. We further considered whether the provisions were misstated and concluded that they were appropriate in all material respects, and disclosures related to trade receivable in the consolidated financial statements are appropriate.

Information Other than the Consolidated Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Corporate Governance and Shareholder’s Information, but does not include the consolidated financial statements and our report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the financial statements of the subsidiary i.e. **Panol Industries RMC FZE**, whose financial statements reflect total assets of ₹ 246.34 crores as at 31 March 2023, total revenue of ₹ 540.84 crores and net profit after tax of ₹ 52.41 crores for the year ended 31 March 2023 as considered in the consolidated Ind AS financial statements. These financial statements of the subsidiary have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the reports of the other auditor.
- b) Subsidiary is located outside India whose financial statements have been prepared in accordance with accounting principles generally accepted in its respective country and which have been reviewed and audited by the other auditor as applicable, under generally accepted auditing standards applicable in its respective country. The Company's Management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its country to the accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's Management. Our opinion in so far as it relates to the balances and affairs of such subsidiary located outside India is based on the report of other auditor and the conversion adjustments prepared by the Management of the Company and audited by us.

Our opinion is not modified in respect of this matter

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements, including, inter-alia financial statement of the subsidiary duly audited by the component auditor;
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Company as on 31 March 2023 taken on record by the Board of Directors of the Company, none of the directors of the Company is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of the Company, for reasons stated therein. Internal control over financial reporting is not applicable to the subsidiary, which is incorporated outside India.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts, including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. As stated in Note 9 (f) to the consolidated financial statements:
- (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- (b) The interim dividend declared and paid by the Company during the year and until the date of this report is in compliance with Section 123 of the Act.
- (c) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiaries included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.
- vii. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS**

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Panama Petrochem Limited** of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2023, we have audited the internal financial controls over financial reporting of **Panama Petrochem Limited** (hereinafter referred to as "Company") as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

1. (A) Corporate Group Information

Panama Petrochem Limited is a Public Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 2013. Panama Petrochem Limited and its subsidiary (collectively referred as "the group"). The Group's principal operations are located in India and its subsidiary operation in United Arab Emirates. The Group is engaged in the manufacture of specialty petroleum products for diverse user industries like printing, textiles, rubber, pharmaceuticals, cosmetics, power and other industrial oil. The equity shares of the Company are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India. The Global Depository Receipts (GDRs) of the Company are listed on the Luxembourg stock exchange.

(B) Subsidiary

Subsidiary is entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiary are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

(C) Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

(D) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, net of deferred taxes, are eliminated.

Authorization of financial statements

The consolidated financial statements were authorized for issue in accordance with a resolution of the Board of Directors passed on 30 May 2023.

2. Significant Accounting Policies:

(A) Basis of Preparation of Financial Statements

(i) Compliance with Ind AS: These consolidated financial statements of the Group have been prepared to comply, in all material aspects, with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read with Companies (Indian Accounting Standards) Rules, 2015 and the relevant provisions of the Companies Act, 2013.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Classification of assets and liabilities : All assets and liabilities have been classified as current or non-current based on the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Deferred tax assets and liabilities are classified as non-current on net basis.

(iii) Historical cost convention : The financial statements have been prepared on going concern basis under the historical cost convention except:

- (a) certain financial instruments (including derivative instruments) and
- (b) defined benefit plans

**CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

Which are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

(iv) Functional and presentation currency : The Group's functional and presentation currency is Indian Rupee (₹). All amounts disclosed in the financial statements and notes have been rounded off to the nearest crore (₹ Crore), except otherwise indicated.

(v) Fair value measurement : The Group measures certain financial assets and financial liabilities including derivatives and defined benefit plans at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability take place either

- (a) in the principal market for the asset or liability or
- (b) in the absence or a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group's determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(vi) Principles of consolidation

- 1) The consolidated financial statements include the financial statements of Panama Petrochem Limited, the parent company (hereinafter referred to as 'the Company') and its subsidiary (collectively referred to as the 'Group').

The consolidated financial statements have been prepared on the following basis:

- i. The financial statements of the parent company and the subsidiary have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances / transactions and resulting unrealized profits in full. Unrealized losses resulting from intra-group transactions have also been eliminated except to the extent that recoverable value of related assets is lower than their cost to the Group. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the balance sheet of the parent company and its share in the post acquisition increase in the relevant reserves of the subsidiaries.
- ii. The excess of the cost of acquisition of investments in the subsidiaries over the acquired portion of equity in the subsidiaries is recognized in the financial statements as 'goodwill'. The excess of acquired portion of equity in subsidiaries over the cost of acquisition of investments in the subsidiaries is recognized in the financial statements as 'capital reserve'.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

- iii. Minority interest in the net assets of consolidated subsidiaries consists of:
- (a) the amount of equity attributable to minorities at the date on which investment in subsidiary is made; and
 - (b) the minorities share of movements in equity since the date the parent and subsidiary relationship came into existence.
- iv. The consolidated financial statements are presented, to the extent possible, in the same format as that adopted by the parent company for its separate financial statements.
- v. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances to the extent possible.
- 2) The subsidiary company considered in the consolidated financial statements are:

Name of the Subsidiary	Country of incorporation	Extent of holding (%)	Reporting currency	Effective date of becoming subsidiary
Panol Industries RMC FZE	United Arab Emirates (U.A.E.)	100	AED	1 January 2013

(B) Property, Plant and Equipment

- (i) Freehold land is carried at historical cost and all other property, plant and equipment are shown at cost (net of adjustable taxes) less accumulated depreciation and accumulated impairment losses. The cost of an asset comprises of its purchase price, non refundable / adjustable purchase taxes and any cost directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management, the initial estimate of any decommissioning obligation, if any and for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset. The cost also includes trial run cost and other operating expenses such as freight, installation charges etc. The projects under construction are carried at costs comprising of costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and attributable borrowing costs.
- (ii) Stores and spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment.
- (iii) When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.
- (iv) An Item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset or significant part) is included in the Statement of Profit and Loss when the asset is derecognized.
- (v) In line with the provisions of Schedule II to the Companies Act, 2013, the Group depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components of property, plant and equipment has been assessed based on the historical experience and internal technical inputs.
- (vi) Depreciation on property, plant and equipment is provided as per straight line method based on useful life prescribed under Schedule II to the Companies Act, 2013. The Group has assessed the estimated useful lives of its property, plant and equipment and has adopted the useful lives and residual value as prescribed in Schedule II.

**CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

The property, plant and equipment acquired under finance lease are depreciated over the period of lease. Depreciation on stores and spares specific to an item or property, plant and equipment is based on life of the related property, plant and equipment. In other cases, the stores and spares are depreciated over their estimated useful life based on the technical assessment.

- (vii) The residual values and useful lives of property, plant and equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- (viii) Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. These are stated at cost to date relating to items or project in progress, incurred during construction / preoperative period. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

(C) Investment Property

Investment properties are properties held to earn rentals and / or for capital appreciation (including property under construction for such purpose). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of Ind AS 16 for cost model.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property is included in the Statement of Profit and Loss in the period in which the property is derecognized.

Depreciation on investment property is provided as per straight line method based on estimated useful life which is considered at 60 years based on internal assessment.

(D) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets namely computer software is amortized at the rate of 33.33 % on a straight line basis over the estimated useful economic life.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Profit and Loss Statement when the asset is derecognized.

(E) Borrowing Costs

Borrowing costs are charged to Statement of Profit and Loss except to the extent attributable to acquisition / construction of and asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(F) Impairment of Non-financial Assets

At each balance sheet date, an assessment is made of whether there is any indication of impairment.

If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group’s CGUs to which the individual assets are allocated.

(G) Non-current Assets held for sale

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the assets is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

(H) Inventories

Inventories are valued as follows:

Raw materials, Packing Materials and Traded Goods	Lower of cost or net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a First In First Out (FIFO) basis. Cost of raw materials comprises of cost of purchase (net of discount) and other cost in bringing the inventory to their present location and condition excluding Input GST credit . Customs duty on stock lying in bonded warehouse is included in cost.
Work-in-progress and Finished goods	Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a First In First Out (FIFO) basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(I) Revenue from contracts with customer:

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of discounts offered by the Group as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**(i) Sale of Goods:**

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

(ii) Interest income:

Under Ind AS 109, Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets.

(iii) Net Gain on fair value changes :

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Group on the balance sheet date is recognized as an unrealized gain / loss. In cases there is a net gain in the aggregate, the same is recognized in "Net gains on fair value changes" under "Other Income" and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realized gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognized in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortized is presented separately under the respective head in the Statement of Profit and Loss.

(iv) Dividend income:

Dividend income is recognized :

- a. When the right to receive the payment is established.
- b. It is probable that the economic benefits associated with the dividend will flow to the entity and
- c. The amount of the dividend can be measured reliably.

(v) Rental Income:

Revenue is recognized on the basis of income arising from operating lease of investment properties is accounted for on a straight-line basis over the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases and is included in the head "other income" in the Statement of Profit and Loss.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**(vi) Others:**

Revenue is recognized in respect of export incentives, insurance / other claims etc., when it is reasonably certain that the ultimate collection will be made.

(J) Expenditure on Research and Development

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss under the appropriate heads of expenses. Expenditure relating to property, plant and equipment are capitalized under respective heads.

(K) Foreign Currency Transactions**(i) Initial Recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Group at rates different from those at which they were initially recorded during the year, or reported in financial statements, are recognized as income or as expenses in the year in which they arise.

(iv) Forward Contracts

The premium or discount arising at the inception of forward exchange contracts is booked as expense or income immediately. Exchange differences on such contracts are recognized in the Statement of Profit and Loss in the year in which the exchange rates changes. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(L) Employee Benefits

All employee benefits payable wholly within 12 months of rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

Post Retirement Benefits

The Group operates the following post-employment schemes:

- (a) defined benefit plan - gratuity
- (b) defined contribution plan - provident fund

Defined benefit plan - Gratuity obligation

Post-employment benefits (benefits which are payable on completion of employment) are measured on a discounted basis by the Projected Unit Credit Method on the basis of actuarial valuation annually.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

The liability or asset recognized in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less fair value of plan assets.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in Other Comprehensive Income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Defined contribution plan

Retirement benefits in the form of Provident Fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective fund are due. There are no other obligations other than the contribution payable to the respective fund.

(M) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts. Refer note no 11.1

(a) Group is the lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

**CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(b) Group is the lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

(N) Taxation

Income tax expense comprises of current tax expense and the net change in the deferred tax asset or liability during the year.

- (a) Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the the respective jurisdiction.
- (b) Deferred Tax: Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are off set if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(O) Segment Reporting

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

The Chief Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The operating segments have been identified on the basis of nature of product/services.

The board of directors of the Group has appointed the Managing Director as the chief operating decision maker (CODM) who is assessing the financial performance and position of the Group, and makes strategic decisions.

(P) Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, if any, such as bonus issue, bonus elements in a rights issue to existing shareholders, shares split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(Q) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of past events, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates

Contingent liabilities are disclosed in the case of:

- a) a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- b) a present obligation arising from the past events, when no reliable estimate is possible;
- c) a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized.

(R) Financial Instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instruments.

I. Financial Assets

A. Initial recognition and measurement :

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of the financial asset [other than financial assets at fair value through profit or loss (FVTPL)] are

**CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

added to the fair value of the financial assets. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset. Transaction costs of financial assets carried at FVTPL are expensed in the Statement of Profit and Loss.

B. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in the following categories:

(i) Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

(ii) Debt instruments included within the Fair Value Through Profit or Loss (FVTPL) category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

(iii) Equity instruments: All equity instruments within the scope of Ind-AS 109 are measured at fair value. Equity instruments which are classified as held for trading are measured at FVTPL. For all other equity instruments, the Group decides to measure the same either at Fair Value Through Other Comprehensive Income (FVTOCI) or FVTPL. The Group makes such selection on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments measured at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such instruments.

iv) Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

C. De-recognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognized (i.e. removed from the Group's balance sheet) when:

- the rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either:

(i) the Group has transferred substantially all the risks and rewards of the asset, or

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

- (ii) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

D. Impairment of financial assets:

In accordance with Ind-AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on trade receivables and other advances. The Group follows 'simplified approach' for recognition of impairment loss on these financial assets. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Allowance for credit losses on receivables and unbilled revenue

The Group determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Group considered current and anticipated future economic conditions relating to industries the Group deals with and the countries where it operates. In calculating expected credit loss, the group has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.

II. Financial Liabilities**A. Initial recognition and measurement:**

Financial liabilities are classified at initial recognition as :

- (i) financial liabilities at fair value through profit or loss,
- (ii) loans and borrowings, payables, net of directly attributable transaction costs or
- (iii) derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

B. Subsequent measurement :

The measurement of financial liabilities depends on their classification, as described below:

- (i) **Borrowings:** Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished and the consideration paid is recognized in the Statement of Profit and Loss as other gains / (losses).

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify

**CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023**

the liability as current, if the lender has agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

- (ii) **Trade and other payables:** These amounts represent liabilities for goods and services provided to the Group prior to the end of financial period which are unpaid. The amounts are unsecured and are usually paid within twelve months of recognition. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.
- (iii) **Derivative financial instruments:** The Group uses derivative financial instruments, such as foreign exchange forward contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Hedge accounting :

The Group designates certain hedging instruments which include derivatives, embedded derivatives and non derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges or hedges of net investments in foreign operations. At the inception of the hedge relationship, the Group documents the relationship between the hedging instruments and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

C. De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another, from the same lender, on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

D. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(S) Significant accounting judgments, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

- (a) Operating lease commitments – Group as lessor;
- (b) Assessment of functional currency;

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

- (c) Evaluation of recoverability of deferred tax assets

Estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year :

- a) Useful lives of property, plant and equipment, investment property and intangible assets;
- b) Fair value measurements of financial instruments ;
- c) Impairment of non-financial assets;
- d) Taxes;
- e) Defined benefit plans (gratuity benefits);
- f) Provisions;
- g) Valuation of inventories;
- h) Contingencies

(T) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

c) Description of valuation techniques used and key inputs to valuation on investment properties

The investment properties have been valued at Fair Market Value. It is the value of the property at which it can be sold in open market at a particular time free from forced value or sentimental value. Prevailing market value is a result of demand/ supply /merits /demerits of properties and various locational, social, economical, political factors and circumstances. Prevailing market value can be estimated through market survey, through dependable data/ sale instances, local estate developers/ brokers, real estate portal enquiries and verbal enquiries in neighbourhood area.

5.1 Leases:
A) Lease commitment as Lessee

The Group has entered into agreements for taking lease certain offices and warehouses on lease and licence basis. The lease term is a period ranging from 12 to 45 months. The Group has contracts which have fixed rentals. The Group has also taken leasehold factory lands on one time payment and other land on yearly fixed payment. The lease term is a period ranging from 25 years to 99 years.

The following is the summary of practical expedients elected on initial application:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17

Disclosure as per the requirement of Ind AS 116

31. Segment Information
A. Factors used to identify the entity's reportable segments, including the basis of organization

For management purposes, as the Group is in the business of manufacturing and trading of specialty petroleum products, the Group has considered petroleum products as the only business segment for disclosure in this context of Indian Accounting Standard 108.

The Managing Director (MD) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segment. The MD reviews revenue and gross profit as the performance indicator for the operating segment. However, the Group's finance (including finance cost and finance income) and income taxes are managed on a group as a whole basis and are not allocated to any segment.

Geographical segment of the organization

For the purpose of geographical segment the sales are divided into two segments - Domestic and Overseas. The accounting policies of the segments are the same as those described in Note 2(O).

B. Information about reportable segment

The following table shows the distribution of the Group's reportable segment by geographical market, regardless of where the goods were produced:

35. Financial Instruments : Accounting classifications and fair value measurements
(i) Accounting classifications

The fair values of the financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, short term deposits, trade payables, payables for acquisition of property, plant and equipment, short term loans from banks, financial institutions

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

(ii) Fair value measurements

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The following table presents carrying value and fair value of financial instruments by categories and also fair value hierarchy of assets and liabilities measured at fair value :

(iii) Description of significant observable inputs to valuation:

The following table shows the valuation techniques used to determine fair value :

Type	Valuation technique
Investments in equity shares (unquoted)	Book value *
Investments in equity shares (quoted)	Fair Value
Loan to employees	Based on prevailing market interest rate
Derivative instruments	Fair valued based on prevailing market rate at each closing date
Short term loans from banks	Based on quotes from banks and financial institutions

* Based on unobservable inputs which generally approximates to the carrying value of the investments unless significantly impaired. Fair value has been considered Nil for significantly impaired investments. Sensitivity change in the unobservable input does not have a significant impact in its value and accordingly, sensitivity disclosure is not given.

36. Financial risk management
Risk management framework

The Group has identified financial risks and categorized them in three parts viz. (i) Credit Risk, (ii) Liquidity Risk and (iii) Market Risk. Details regarding sources of risk in each such category and how Group manages the risk is explained in following notes:

(i) Credit risk

Credit risk refers to the possibility of a customer and other counterparties not meeting their obligations and terms and conditions which would result into financial losses. Such risk arises mainly from trade receivables and investments. Credit risk is managed through internal credit control mechanism such as credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

Trade receivables

As per the credit policy of the Group, generally no credit are given exceeding the accepted credit norms. The Group deals with large corporate houses and State Electricity Boards after considering their credit standing. The credit policy with respect to other customers is strictly monitored by the Group at periodic intervals. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers. In addition, for amounts recoverable on exports, the Group has adequate insurance to mitigate overseas customer and country risk.

The Group uses an allowance matrix to measure the expected credit losses of trade receivables (which are considered good). The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

Note:- Impairment under expected credit loss includes ₹ 0.14 Crore for doubtful debts P.Y. ₹ 0.14 Crore

Cash and cash equivalents

The Group held cash and cash equivalents of ₹ 96.53 Crore at 31.3.2023 (31.3.2022: ₹ 61.88 Crore). The cash and cash equivalents are held with banks with good credit ratings. Also, the Group invests its surplus funds in bank fixed deposits, which carry no / low mark to market risks for short duration and therefore, does not expose the Group to credit risk.

Investments

The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Group does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

Derivatives

The forward contracts were entered into with banks having an investment grade rating and exposure to counterparties is closely monitored and kept within the approved limits.

(ii) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations on due date. The Group has a strong focus on effective management of its liquidity to ensure that all business and financial commitments are met on time. This is ensured through proper financial planning with detailed annual business plans, discussed at appropriate levels within the organization. Annual business plans are divided into quarterly plans and put up to management for detailed discussion and an analysis of the nature and quality of the assumptions, parameters etc. Daily and monthly cash flows are prepared, followed and monitored at senior levels to prevent undue loss of interest and utilize cash in an effective manner. Cash management services are availed to avoid any loss of interest on collections. In addition, the Group has adequate borrowing limits with reputed banks in place duly approved.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023
a) Financing arrangements

The Group has an adequate fund and non-fund based limits lines with various banks. The Group's diversified source of funds and strong operating cash flow enables it to maintain requisite capital structure discipline. The financing products include working capital loans, buyer's credit loan, supplier's credit loan etc.

b) Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows within one year

(iii) Market Risk

The risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market price. Market risk further comprises of (a) Currency risk , (b) Interest rate risk and (c) Commodity risk.

a) Currency Risk

The Group is exposed to currency risk mainly on account of its import payables and export receivables in foreign currency. The major exposures of the Group are in U.S. dollars. The Group hedges its import foreign exchange exposure partly through exports and depending upon the market situations partly through forward foreign currency covers. The Group has a policy in place for hedging its foreign currency exposure. The Group does not use derivative financial instruments for trading or speculative purposes.

Timely availability and also non-availability of good quality base oils from across the globe could negate the qualitative and quantitative production of the various products of the Group. Volatility in prices of crude oil and base oil is another major risk for this segment. The Group procures base oils from various suppliers scattered in different parts of the world. The Group tries to enter into long term supply contracts with regular suppliers and at times buys the base oils on spot basis.
